Betreff: U.K. distributor rights

To whom it may concern.

This is to confirm that the German Dynamic Storage Radiators sold in the U.K by Electrorad U.K. Ltd are manufactured by Thermotec GmbH, Shonau-Berzdorf.

We further confirm that Thermotec GmbH radiators are not sold to any other company or individual in the U.K.

Electrorad U.K. Ltd have the contract as the SOLE U.K. distributor of our electric radiator system.

Should any other company claim to be offering the same radiators as Electrorad U.K. Ltd, then these are fraudulent claims.

Yours Sincerely,

Peter Meier

International Sales Manager
